VOLUME 17, NO. 38

Park Commission Arranges to Hold Planning Contest

The members of the park advisory board appeared before the city trustees Monday night to outline a program of park development.

The first consideration was the disposal of buildings, etc., not fitting in with the park plan. The final decision was to have the city call for bids on all buildings situated on the park site with the exception of the old winery, which is to be remodeled into a community house.

The removal of the surplus citrus trees could not be considered until a final plan for landscaping was adopted. The grape vines will be removed at once.

The board of trustees after considerable discussion approved the tentative plans for a community house which had been drawn up by Robert M. Finlayson and authorized this architect to draw up complete plans and specifications for a building to be erected along these lines. The final plans will be presented at a meeting of the Trustees for approval.

This community house is to serve many purposes. It is to be the main building around which the rest of the park will be built up. It will contain rest rooms for women and men, it will furnish shelter in case of rain, a place to play cards, chess, and dominoes, a place to read, and a large pergola where one may sit in the shade and simply rest.

The advisory board submitted a proposition for a competition whereby it is hoped to secure as practical and beautiful a landscape plan as is possible to have made. Details of this arrangement follow.

If the existing band-stand fits in with the plans of the landscape architect it was agreed to place it upon a foundation in the park and use the space underneath for a tool and supply house for the park attendant.

Mrs. J. Milton Steinberger appeared before the board of trustees at this meeting and assured the board of her hearty support and co-operation in making Sierra Madre's first park a beauty spot. She outlined the plans of the Woman's Club in regard to enlarging their present quarters to the full depth of their lot and told of her vision of the time to come when all the land between the club and the park would belong to the club and the park and be beautified by both.

Mrs. Steinberger also advocated a north and south road be put through the park from Mariposa to Central Avenue and urged that wisteria be freed in park landscaping.

The Park Advisory Board asks for suggestions for the development of the Park and promise to give constructive suggestions their earnest consideration. They desire to make the park one that Sierra Madre may be proud of and one that will give the greatest degree of satisfaction to the community as a whole.

Competition to Secure Landscape Plans for City Park of Sierra Madre

For the purpose of securing artistic and practical plans for the development of Sierra Madre's new City Park, it has been decided to hold a prize competition on the basis set forth below:

Prizes Offered

First Prize.....\$50.00
Second Prize.....\$25.00
Third Prize.....\$10.00

Who May Compete

Only such persons who are competent to draw up final plans and specification practicable of development with funds available.

Terms of Competition

All plans submitted must be drawn to scale and must show complete park development;

All plans must be in the hands of the City Clerk of Sierra Madre not later than July 5, 1923;

Regardless of who is declared winner of first prize, the City of Sierra Madre reserves the right to retain whomever it desires to do the actual work of development;

The prize winners will be notified

PLANS FOR SCOUT CAMP ATTRACTIVE

Scoutmaster Stovall to Be One of Directors on Catalina Island Outing

Dennis H. Stovall, scoutmaster for Troop One, Sierra Madre, has been named by the Pasadena District Council, Boy Scouts, to serve as assistant camp director at Catalina Island this summer. As the second ten-day camp at which he will start his work does not begin till July 19, he will have time to give at least a month to playground direction here. Some 25 or 30 boys of troop one will attend the second camp, and so will be with their scoutmaster. Assistant Scoutmaster Ivan Munson is also planning to attend.

Altogether, some 600 boys from the Pasadena district troops will be at the Catalina Island camp through the summer. A splendid program has been worked out for them, and every minute will be accounted for in something worth while. Mr. Stovall will take his typewriter along, and be allowed ample time to himself each day for his short story work. In the evening around the council fire, he will act as "chief story teller" for the scouts, as well as acting as adviser and counselor through the camp period.

The camp will be located in a still-water cove at the far end of the island—an ideal spot in every particular, where the boys will have every opportunity for carrying on camp activities, sports and tests without molestation, and where they will be entirely safe in every particular. They will have the best of food, cooked by an experienced camp chef, army cots to sleep on, splendid leadership, and all manner of real fun.

The whole cost for the ten-day period including transportation from Pasadena and return, is only \$12.50. It is hoped that at least thirty boys will go to Sierra Madre for the second camp period—July 19 to 29, inclusive.

FRANK C. DICKSON PASSES

Frank C. Dickson, formerly of Montreal, and a resident of Sierra Madre the past four years, passed away at his home, 89 East Alegria Friday night. Funeral services were held Tuesday afternoon at the Allen T. Gay Chapel by Rev. Mr. Chase of Pasadena.

Mr. Dickson was a native of Chester, England, and a son of the late Thomas Campbell Dickson. He was formerly engaged in the steel business. His health was impaired by the strain of work during the war and immediately thereafter. Coming to California for relief, he showed marked improvement, but a weakened heart proved too much of a handicap and was the immediate cause of death.

A man of culture and marked charm of manner, Mr. Dickson was held in very high regard by a wide circle of acquaintances. In addition to his beloved wife, he is survived by a brother, Thomas C. Dickson of Alhambra, and a sister, Mrs. Hunter of Ryton, England.

The June social night of the Masonic Lodge, the last Tuesday in the month, comes next week. Special plans are in the making for a good time, with some features of unusual interest and refreshments following the program. On account of the large number of visiting members of the fraternity now in Sierra Madre, a special invitation is extended to them.

and their names announced not later than July 20, 1923;

The winner of first prize will receive \$100 additional for making modifications agreed upon by Board of Trustees and furnishing details as to how the changes shall be worked out;

The dimensions of park grounds, the permanent features to be retained, and other details, will be furnished competitors upon application to member of Park Advisory Board at Office of Chamber of Commerce, Sierra Madre.

All plans submitted shall become the property of the City of Sierra Madre.

Plans shall be delivered to the City Clerk of Sierra Madre in such shape that they may be submitted to the Park Advisory Board without divulging the source of the plan.

MRS. SIMONS PASSES AT ADVANCED AGE

Funeral services for Mrs. Betsy B. Simons were conducted by the Rev. William Carson Shaw Tuesday morning at 10:30 in the chapel at Hollywood Cemetery where interment was made.

Mrs. Simons had lived in Sierra Madre for the past four years at the home of her daughter, Mrs. E. A. Newton at 217 South Baldwin Avenue, where death occurred at 9 p. m. on Friday, June 15, from illness of some 10 weeks due to old age. She is survived by four children, Mrs. E. A. Newton of Sierra Madre, Mrs. G. A. Fitzpatrick of Idaho Falls, Idaho, John A. Simons of Alamosa, Colo., all of whom were present at the end, and George Simons of Mobile, Ala., a brother, George Doherty of Sawtelle; also two grandchildren of Los Angeles, Jack Simons and Mrs. William Gilmer.

Mrs. Simons was born in the province of New Brunswick, Canada in 1842, and spent her early life in New England and was married in 1862 to Joseph R. Simons at Providence, R. I., going four years later to Colorado, where the active years of her life were spent.

Gifted with good health and a kind, cheerful disposition, she endeared herself to all with whom she came in contact and held the intense love and devotion of her children.

DR. SIMONDS TO MEET WITH YOUNG PEOPLE

Dr. George T. Simonds of Los Angeles is expected to meet the young people of the Congregational Church Sunday evening at 5 o'clock. They will enjoy an informal supper in the church parlors, which will be followed by the regular Christian Endeavor meeting. All young people are invited to come and make his acquaintance, as he is a young man whom it is well worth while to know, being conference director of religious education. Dr. Simonds will preach at the evening service, 7:30 p. m.

When forests burn, you lose.

YOUNG PEOPLE GIVE DINNER AND PROGRAM

The final spring meeting of the Men's Community Club in the Congregational Church, last night was "ladies' night," the ladies being invited to enjoy the dinner with the men, as well as the program which followed. The young people of the Christian Endeavor Society furnished the delicious dinner. They also furnished an entertaining program consisting of orchestra selections and readings. President Stovall presided and a feature of the evening's amusement was the introduction of the various baseball stars who will compete in the game with the Episcopal Men's Club on Saturday, June 30, on the school grounds.

MASONS WILL HEAR ANNIVERSARY SERMON

Saint John Baptist's Day, an important occasion in the Masonic Calendar, will be observed this year by the members of Sierra Madre Lodge No. 408, in attending services in the Congregational Church Sunday, June 24. At the request of the lodge, the sermon will be preached by Brother William A. Tate, Ph. D. Members of the lodge are expected to be present and visiting brethren are also cordially invited. We will assemble at the church at 10:30 so that we can sit in a body in seats reserved for the purpose.

GEORGE B. MORGRIDGE, W. M.

Mr. and Mrs. Raymond D. Andrews entertained Tuesday evening at their charming home in East San Gabriel in celebration of the first anniversary of their wedding. The evening was spent at Mah Jong and delightful refreshments were served. The guests included the members of the wedding party, among whom were five brides of a year ago. The Sierra Madre guests were Mr. and Mrs. W. S. Andrews, Mr. and Mrs. Roland A. Adams, Mr. and Mrs. Victor C. Hill and W. H. Ingraham.

When forests burn, you lose.

PLAYGROUND A BOON FOR SUMMER DAYS

Children and Young People Can Find Wholesome Recreation on New Field

With average daily attendance of between seventy and eighty very happy boys and girls, and all the games in full swing, the Sierra Madre playgrounds, at the school yards, are running merrily. It is expected that they will become even more popular as the vacation season deepens, and the weather gets warmer.

Last Saturday afternoon the grounds were given an informal opening, with a considerable number of parents and children present. The Boy Scouts of Troop One, were there, too, to lend color and action to the proceedings. After the raising of the Flag, and the pledge of allegiance, the grounds were formally offered to the city, on behalf of the school board, by Dean Shaw.

In his presentation, the chairman stated it was the sense of the school board that such a playground would prove of benefit to the community, and that it was the unanimous desire of the trustees that the equipment, provided for play purposes, be made of constant service.

To further this movement, and make the playgrounds more attractive and useful, many additional features lately have been added—a wading pool for the little tots, two croquet courts, a two-way handball court, walking rings, swings, bars, and much loose equipment such as bats, balls and horseshoes.

Mayor Mitchell, in receiving the playground, made a splendid address, and one that well could have been heard by all the parents, as well as by all the boys and girls of Sierra Madre. He voiced a hearty and an earnest belief in playground activity, under constant direction, as a helpful influence toward building character and making better citizens.

The child who learns to play childhood's games fairly and squarely will be better equipped to play the game of life fairly and squarely. Juvenile delinquency, so the mayor believes, will be much reduced here as elsewhere, by the maintenance of a properly conducted playground, where boys and girls may go to work off the superabundance of their energies.

Mr. Anderson, a member of the board, and who has given the playgrounds much of his time and attention, announced the personnel of the Playground Advisory committee. Miss Steinberger as a representative of the city at large, Mrs. Dingman as a representative from the time P. T. A. and himself as representative from the board of trustees of the schools.

Under the leadership of the playground director, Dennis H. Stovall, the games started with vim and were kept going till the closing hour of six. Every day of the week, except Sunday, the playgrounds are open, and the director will be in charge from one till six.

The rules of the National Playground Association are followed as nearly as local conditions will allow. Besides new games of an organized and unorganized sort, many of the old-time favorites are going, horseshoe throwing, shinny, golf, and others. Girls, as well as boys, should attend the playgrounds, and will be given the same opportunity to engage in the fun. No rough playing, rude language or ill conduct is allowed, nor are children permitted to be on the grounds after six o'clock. Mr. Stovall will have charge of the grounds, as director, the first month, and get the work well organized and underway. Besides the regular games, he hopes to inaugurate, this next week, a "story hour" for girls, and another one for boys, also, to have features of especial interest and benefit for the little tots.

The Woman's Guild of the Ascension Parish gave a delightful baked ham dinner in the parish house Wednesday evening. The affair was largely attended and after dinner dancing and cards were enjoyed.

Build a safe and sane fire in the woods—and don't forget to put it out.

Make Your Home Town Something To Be Proud Of

Don't choose your home town as if by accident and then be satisfied with it just as somebody happened to make it. Pick your home with discrimination, then take an active interest in its civic affairs, see that it is developed with thought and foresight, be willing to assume the burden of constructive work, and then stand up before the world and say, "Sierra Madre is my home; I'm proud of it because I helped to make it what it is."

That is the substance of the inspiring message delivered by G. Gordon Whitnall at the meeting of the Civic Association in the Woman's Club House last night. The audience of 200 persons who had accorded him frequent applause as he developed his theme, gave him an ovation at the close.

Mr. Whitnall appeared to be speaking almost extemporaneously. But being on familiar ground throughout, his choice diction, the keen play of humor and the facility with which he emphasized salient points leading up to his climax gave the effect of finished oratory.

Mrs. Emmaline Whistler, in Indian costume, gave several of Thurlow Lieurance's songs, with interesting comment on the composer's methods of securing the themes. Prof. Daniel Gosman gave some interesting piano jazz numbers.

Miss Geneva Zubrinsky, introduced as home talent, gave the audience ample reason for increased community pride. The rich tones, facility of bowing and splendid interpretation of her violin numbers give promise of a splendid career ahead. She was accompanied by Miss Evans.

President Doty said the primary purpose of the meeting was to afford opportunity for those who desired to join the association. The membership committee passed applications among the audience and after collecting them, Mrs. Milton Steinberger announced that 234 had enrolled to date.

Membership fees of one dollar and fifty cents a month dues were indicated, but Mr. Doty said the fees should not prevent anyone joining who wished to aid in the work of the association.

President Doty said someone had sent up a written slip suggesting that endowments be asked for.

"Oh, don't worry about the finances we've arranged for that," said R. B. Wilson.

"I merely mentioned it because the suggestion was offered," said Mr. Doty.

Mr. Doty then said a few minutes would be taken for open forum discussion of timely topics. He asked Mayor Mitchell for suggestions, and the latter spoke on the proposed Pasadena highways. He reviewed the years of negotiation by Chamber of Commerce committees with Mr. Hastings and the latter's promise to give a right of way along the south side of the Pacific Electric. Later, ostensibly because a sanitarium over which Sierra Madre had no control had located on property near Mr. Hastings' ranch and at the instigation of certain Sierra Madre citizens, Mr. Mitchell said Mr. Hastings had broken his promise to give the right of way. The only recourse was condemnation proceedings, to be carried on by the county. This, Mr. Mitchell said, is the usual way of acquiring property for public use and would not involve the expense or delay which had been prophesied. It would further make possible the desired right of way on both sides of the railway.

Mrs. W. J. Lawless volunteered to present Mr. Hastings' point of view as expressed at an interview in her presence. Mr. Hastings, she said, feels that his ranch which will someday be subdivided, is closely related to the Sierra Madre development program. For years there had been no advertising sanitarium on the land in question near his property. Owing to the diabolical policy of the city trustees in

Around Our Town

Mrs. Margaret Sullivan left on Sunday for Boston.

Miss Marian Lee is spending two days in San Diego this week.

Mrs. C. E. McGuire has gone to Berkeley for a stay of two months.

Mrs. H. Gwyn visited her daughter and sister in Long Beach from Saturday to Tuesday.

Mr. R. B. Wilson of East Alegria returned Sunday night from a ten days trip to New Orleans.

Mr. Harold Hart's groomsmen and ushers gave him a dinner in Los Angeles Wednesday evening.

Mrs. H. R. Wood will entertain the Modern Priscillas, Thursday, June 28, at her home 255 N. Hermosa.

Dr. Addie H. Brady of 139 Esperanza is spending the summer at the home of her sister, Mrs. James Byers of San Gabriel.

Mr. and Mrs. George F. Ferris and daughters, Mrs. Land and Miss Katherine, have returned from a week's visit at Long Beach.

Mrs. James Farndale, of 171 East Grand View, entertained the Young Men's Bible Class of the Congregational Church at dinner, Tuesday night. About ten were present.

The Christian Endeavor Society of the Congregational Church attended the Pasadena District C. E. stunt night program at the Presbyterian Kirk House in Pasadena, Tuesday night.

Miss Virginia Jones has returned from Redlands where she has been attending Redlands University. She will spend the summer with her parents, Mr. and Mrs. C. W. Jones of Alegria Avenue.

The dining room at Hotel Mira Monte, which was recently taken over by Mr. and Mrs. A. W. Lufkin, will be closed until further notice. Rooms for guests either by the day or for longer periods, will be available.

Mr. and Mrs. W. L. Gilliland of Santa Barbara drove down Sunday and visited at the home of Mr. and Mrs. R. J. Lord. Mrs. Lord and children accompanied them to Idylwild near Mt. San Jacinto, where they will spend two weeks in camp.

Mr. and Mrs. Julian Smith formerly of the Mira Monte Hotel and Mr. and Mrs. Galen Peters of Los Angeles left Sunday for a three month's tour through the north, stopping at Yosemite Valley and other points as far north as Seattle.

Miss H. F. Romani, School Nurse, has accepted a civil service position with the State Department of Health, that will take her to the County of San Luis Obispo where she will work under the Shepherd-Towner Bill. For several months her services have been desired, as she was very successful in Michigan, while doing similar work. Miss Romani left today and will re-

turn to Sierra Madre in August unless reconsidering the request of the State Department of Health that she remain with them.

Mrs. W. J. Lawless entertained the incoming officers and directors of the Woman's Club on Thursday afternoon. Discussion of Wistaria planting and the slogan "Sierra Madre, the Wistaria Town" was led by Miss Bush and print blocks were exhibited by Mrs. Tuttle. Mrs. Jacques and Mrs. Dingman poured tea.

William Olsen brought to the News office some particularly fine specimens of White Rose potatoes, raised from certified seed, on a Suffolk Avenue lot. Will said the crop was so heavy that he and his father were all worn out from the labor of digging it and they were going off with Boyd Keith for a two weeks outing at Big Bear Lake.

Frank Monroe Smith leaves Saturday for Bristol, Conn., where he will spend the summer. On the way there he will stop at Cleveland, Ohio, to supervise the elaborate decorations for a wedding. Mr. Smith says his first undertaking as a professional decorator was for the wedding of the mother of the present bride. Being a friend of the family ever since, they felt that they must enlist his services for the daughter's wedding, which will be an important society event.

BALL GAME PROMISES TO AFFORD EXCITEMENT

June 30 will be a dull day in Los Angeles. Sierra Madre is going to have a ball game. In the usual sport language the congos are going to play the smokers. The congos, who will defend the standard of the Men's Community club of the Congregational church, issued a challenge to the smokers, defenders of the Episcopal Men's smoker club last week and received an answer to the challenge almost before it was written. The game will be army ball, which is indoor baseball played out of doors. Representatives of the two teams met Wednesday and set the date on the afternoon of Saturday, June 30, and the place the playground of Sierra Madre school. According to plans a parade of the contesting teams, officials and rooters will be held earlier in the afternoon.

PLEASURE TRIP HAS HOSPITAL ENDING

Mr. and Mrs. J. W. Jameson and Mr. and Mrs. W. J. Lawless spent Saturday and Sunday at the Jameson Ranch at Tehachapi, also visiting Jameson Mountain, the greatest lime rock deposit in the West, from which the Monolith Cement Company is manufacturing cement which is shipped throughout the San Joaquin Valley and Southern California plays an important part in California's building activity.

While at the ranch Mr. Jameson joined in an effort to chase a fine red Jersey Duroc pig out of the garden and suffered an injury to his hip, necessitating the use of crutches for several days. X-ray pictures showed a fracture, and his physician ordered him to the Good Samaritan hospital, where he is now under treatment.

VACATION BUREAU OPENS

For the convenience of vacationists, the Rim of the World section of the San Bernardino Chamber of Commerce has opened the Log Cabin Information Bureau on the main floor of the Pacific Electric Main Street station, Los Angeles, for the season of 1923, the Bureau being in charge of S. A. Skinner, of Redlands, who was also in charge last year, and will be assisted during the present season by Mrs. D. R. Brothers, who is likewise familiar with all the mountain resorts contiguous to Los Angeles.

New illustrated folder has been issued by the San Bernardino Chamber of Commerce for this work and is on distribution at Main Street ticket office, Pacific Electric Railway, and all other resort information bureaus in Southern California, as well as with ticket agents of the Pacific Electric.

"THE WISTERIA CITY" PROPOSED FOR SLOGAN"

At the meeting of the Civic Association in the Firemen's Club Rooms on Friday night a resolution was adopted urging general use of the name "Sierra Madre, the Wisteria City." The resolution was proposed by Mrs. W. J. Lawless. It has for its aim the capitalizing of the valuable community publicity received in the past through the famous vine on the home grounds of Mr. and Mrs. H. T. Fennel, and also the carrying out of the proposal of Mrs. Milton Steinberger for the general planting of wisteria vines throughout the city.

The association members listened to reports of the city council meeting and made plans for a vigorous campaign in support of the proposed zoning ordinance with the latest recommendations of G. Gordon Whitnall.

The favorable reaction resulting from recent addresses by prominent visitors from Pasadena and Altadena has convinced the leaders in the association that the community generally is alive to appeals for any movement that will result in a better city. Accordingly more speakers will be secured from time to time to bring further inspiration and encouragement.

President Doty appointed a committee whose duty it will be to attend all meetings of the city trustees. In the event the trustees decide not to adopt the zoning ordinance in the form presented by initiative petition the committee will take charge of publicity and organization work during the election campaign.

Mrs. Cora S. Lockhart spoke of the damage to her property and neighborhood resulting from the keeping of psychopathic ward patients at a nearby institution. She said two years or more of complaints had been unheeded by city authorities.

To old and new customers of the Sierra Madre Feed & Fuel, we appreciate your trade and are in a position to give you good quality at low prices, with the best of service. Call Main 50. 38c

Duty Always Possible.

It is, of course, much pleasanter if one is naturally fearless, and I envy and respect the men who are naturally fearless. But it is a good thing to remember that the man who does not enjoy this advantage can nevertheless stand beside the man who does, and can do his duty with like efficiency if he chooses.—Theodore Roosevelt.

If you can't be good, be careful—with fire.

WOMAN'S CLUB

The meeting at two thirty next Monday has been made official by sending out notices designating it a special meeting.

After committee reports, Mrs. Howard Lieban, whose beautiful voice and fine musicianship have made her a popular figure in Los Angeles music circles, will sing two great arias and a group of songs, accompanied by Mrs. George B. Morgridge.

A reception to the incoming officers will follow the program.

Members may bring guests without guest cards, and are urged to invite prospective members, thus beginning early on the campaign to double the club membership, and begin the new year with three hundred members.

On display in the News office window is an interesting relic in the form of a sword just received by Mrs. H. T. Fennel from relatives in the North. The sword was the property of Dr. William Sawyer, great grandfather of Mrs. Fennel and Mrs. S. E. McLellan, who was a surgeon in the army of the American Revolution.

FROG'S CONCERT

Now Grandpa Frog wanted to give
a concert.

"We will give it for the benefit of
the Frogs," he said.

"A worthy cause," agreed all the
Frogs. "A worthy cause, indeed," they
added.

"We will give it in one week," he
said.

"A week from now will be just
right," the Frogs agreed.

"And we must begin and practice
at once," he said.

"We must practice each night now
in Frog Hollow, for we must give our
concert there, and we want to be sure
if the acoustics are all right."

"The—what?" croaked the Frogs.

"Goog-a-room, goog-a-room, what in
the world or in the pond or in the
mud or in—in—anything, are acous-
tics?"

And, as they said the word, they
swallowed very hard and gave very
queer sounds as they tried to make it
sound just right.

"Ah," said Grandpa Frog, "that is a
noble word. A noble word, indeed."

"Does the word mean noble?" asked
the Frogs.

"It doesn't have to mean anything
like that," said Grandpa Frog. "A
word as superior as the one I have so

"They Began Their Practice."

lately used is a kind of word which
can stand on its own legs, so to speak."

"Gracious, has the word legs?" asked
the Frogs.

"No," said Grandpa Frog, "I said it
could stand on its own legs, 'so to speak.'

"By adding that 'so to speak,' I
showed that the word could not really
stand on its own legs because the word
has no legs.

"I said 'so to speak' to let you know
it was but a manner of speaking and
explaining that the word was so super-
ior that it did not have to be noble.

"No, such a word doesn't have to be
good, and it doesn't have to be pretty,
and it doesn't have to be graceful.

"All, all by itself, it is a splendid
word.

"And it means having to do with
hearing."

"Why couldn't you have said ears
and be done with it?" asked the Frogs.

"I did not want to be done with it
as you suggest, and besides, it doesn't
mean ears.

"When I said in the first place that
we wanted to see if the acoustics were
all right, and to get used to the acous-
tics, I meant that we wanted to get
used to the way our voices would be
heard.

"If a person speaks of a hall where
the voice—or voices—can be heard well
and easily and delightfully, the person
will say that the acoustics are excel-
lent. It means that hearing is an easy
and pleasant matter in that hall.

"Now, we want to get used to the
acoustics. We want to be able to tell,
too, if we can be heard easily and well,
and so some of us shall take turns in
sitting in the audience at our prac-
tices to find this out.

"And you see a word such as acous-
tics is such a fine sounding word, it's
so much more magnificent a word than
hearing that it doesn't have to associate
with noble and good and such
words.

"It's a word by itself."

"Well, I'm glad of that," said little
Freddy Frog, who had been having a
hard time trying to pronounce it. "And
it can stay by itself for all I care. I'm
not the Frog to make friends with it."

But then they began their practice
for the opening concert.

And this was to be their opening
song which they practiced again and
again:

"A frog is a frog;
He sits on a log;
He's ready to sit;
If a good bite is in sight.
He is fond of a bug;
Goog-a-room, jug-jug!
He loves so to sing;
He's jolly old thing;
He's here when it's spring;
Goog-a-room, ding-a-ling!
His music isn't great;
But it's sound at any rate;
And he welcomes in the springtime
In his pond he thinks sublime.
Goog-a-room, goog-a-room, the Frogs are
here!
Hearken! Listen! Aren't their voices
clear?"

And they practiced this opening song
again and again until the opening night
of the concert, and then they kept on
giving a concert every night, for it had
become a habit with them!

Awfully Greedy Girl.

"How awfully greedy you are!" said
one little girl to another. "You took
the biggest apple from the basket just
as I was going to take it myself."

Editors Frolic In Yosemite

Elected for the twenty-first consecutive term as president of the California Press Association at the recent meeting in Yosemite National Park, Governor Friend W. Richardson was given an ovation seldom equalled in newspaper history. Coming unostentatiously to the convention as the head of the organization, the governor spent the entire week fraternizing with his comrades as "one of the boys" and there was no effort either to capitalize his high position or to pose as other than "Friend" to Jim and Joe and Jack and Bill. Probably nowhere is there a more democratic organization than the editorial association, for partisanship is forgotten and social and personal superiority is decried.

Yosemite a Wonderland

In all the world there is but one Yosemite. For natural beauty and for sheer height and massiveness of rocks and hills it is unequalled. Lofty cliffs, romantic vistas, waterfalls of extraordinary height, and the green and grey of the valley floor all combine to charm the eye and to delight the imagination. Nature's work of ages in carving this masterpiece by means of icefloe and tumultuous torrents of water, afford abundant food for thought on the work of the Creator. And, as the water cut the valley, it left the tributary streams sloping ever more sharply from their levels until eventually they poured over the brink as giant waterfalls. Geologists have determined by unerring fact that the river did by far the most of the work, and the great glacier which followed the water ages afterwards did little more than square its corners and steepen its cliffs. During the uncountable years since the glaciers vanished, erosion has again used its wonder chisel. With the lessening of the Merced's volume the effect was no longer to deepen the channel but to amazingly carve and decorate the walls.

Many Beautiful Waterfalls

Rushing down the sides of the sheer hills are eight or ten marvelous waterfalls from 600 to 1,600 feet above the floor of the valley. Yosemite falls, for instance, drop 1,430 feet in one sheer fall, a height equal to nine Niagrars piled one on top of the other. The lower Yosemite falls, immediately below, has a drop of 320 feet, or two Niagrars more. Vernal falls has the same height, while Illilouette falls is 50 feet higher. Nevada falls drops 594 feet sheer; the celebrated Bridalveil falls 620 feet, while the Ribbon falls, highest of all, drops 1,612 feet sheer, a straight fall nearly ten times as great as Niagara. Nowhere else in the world may be had a water spectacle such as this.

And the sheer summits! Cathederal Rocks rise 2,591 feet vertically from

CENTRAL AND SUNNYSIDE

the valley; El Capitan, king of rocks, three times the size of Gibraltar, 3,604 feet; Sentinel Dome, 4,157 feet; Half Dome, 4,892 feet; Cloud's Rest, 5,964 feet. The four sides of El Capitan, if laid on the ground would cover 648 acres and it is a single piece of granite!

Party Entertained at Lodge

The editorial party numbering 160 met at Merced, going by the Yosemite Valley railroad to El Portal, from whence they were taken to Yosemite Lodge, a distance of 14 miles, by automobile. At the lodge the members were assigned to cabins, and given meals at the lodge dining room. It is the universal belief of the editors that nowhere is there more efficient mountain resort service or greater desire to impress upon the visitor the fact that he is thrice welcome.

Governor Richardson provided little of a set program aside from a trip to Vernal and Nevada falls on Tuesday, a trip to Hetch-Hetchy on Wednesday and another to the Mariposa big trees on Friday. Many hiking trips to the various summits overlooking the valley were available for those desiring to take them. Each evening a program of entertainment was provided at the pavilion. On Monday evening felicitations were expressed by a dozen or more speakers, and a similar program was carried out on Tuesday. The business meeting was held Thursday evening, and reports from officers were read and new officials were re-elected.

Southern California was largely represented on the excursion, more than forty editors and their ladies being present from south of the Tehachapi, the largest attendance from this section in the history of the association.

Resolutions were adopted expressing appreciation of the splendid entertainment of the party, and special mention is made of the efforts of president Richardson for the admirable arrangements; to the Yosemite National Park Company for its generous provision at Yosemite Lodge; to W. L. White, manager of the Yosemite Valley railroad, for splendid train service on the trip from Merced and return, and to the director of the Yosemite National Park and his competent assistants for unfailing courtesy and kindness during the week's stay.

CHILDREN GIVE FINE PROGRAM FOR O. E. S.

Monday night's social meeting of the Eastern Star chapter consisted of numbers by several of the younger children of members. The little folk acquitted themselves with great credit. The program included readings by Nancy Dickinson and Ruth Grant, piano numbers by Ruth Wheeling and Elizabeth Morgridge, songs by Virginia Roess and dances by Patsy Stark. Ice cream and cake were then served.

Last week's meeting of the O. E. S. Get Together Club was held at the home of Mrs. George Lehner. Luncheon was served at noon in the garden with a number of men present, followed by a most enjoyable social afternoon. The hostesses assisting Mrs. Lehner were Mrs. Long, Mrs. Gay, Mrs. Sokol, Mrs. Foster and Mrs. Twycross.

CRIMINAL IN FACT

"We need a criminal lawyer for the success of this deal."

"A criminal lawyer for a business deal?"

"Sure! Only a crook can possibly carry it through."

OF INFINITE VARIETY

"My wife is always a woman who always speaks her mind."

"Her conversation must be monotonous."

"Not at all. She's continually changing her mind."

MISUNDERSTOOD
"Our fish are nice and fresh, mum."
"Er—have they roses?"
"Well, yes, mum, the price is a bit higher."

Has Anyone Laughed At You Because —

You have "queer" friends?

"They" say you have queer friends. No doubt you might think their friends are queer. Your friends may be queer because they dress according to comfort, or fad or something not akin to Paree. They may be "queer" because they have a real "think tank," because they don't think as the crowd does. They may be "queer" because they don't go to Bar Harbor in the summer and Hot Springs in the winter. They may be "queer" because they give their money instead of hoarding it—because they give themselves instead of saving themselves.

SO

Your get-away here is:
Your friends are interesting,
Interested and worth your while.

YOUR HAND

How to Read Your
Characteristics
and Tendencies—the
Capabilities or Weak-
nesses That Make for Success or
Failure as Shown in Your Palm

THE HAND OF A SAILOR

THE hand of a successful sailor should be strong, short, firm and broad. A characteristic sign is a well-developed mount of Luna, lying on the outside of the palm near the wrist. It denotes great love of the sea. If there is a star on this mount, it means danger by water to which, naturally, every sailor is exposed.

A line of Mars, paralleling the line of life, on the inside, shows endurance and protection from great dangers. The sailor's hand contains, also, well-marked travel lines; that is, lines extending from the first bracelet and going upward to the mount of the moon, or coming in at the wrist from the side of the hand. If a travel line strongly marked is terminated by a cross appearing on it, this is a sign that a journey will end in misfortune.

The line of life of the sailor should be well separated from the line of the head, since such separation signifies plenty of self-confidence.

The Last Possessor.

An old Turk used to tell this story by way of illustrating the racial differences between the Jew, the Greek and the Armenian. Such a trio had seen an unusual gem in the bazaar. The Jew said enviously: "I wish I had it." The Greek whispered: "I have it." The Armenian, with a grin, said: "You had it."

A Fable.

Once there was a very busy man who didn't have time to listen to a compliment.—Baltimore Sun.

Personally Conducted
Tour from
PASADENA

leaving 9:50 a. m., June 30th.
This will be an "all expense paid" tour of Yellowstone Park with interesting side trips and stopovers at Salt Lake City and other points.

Tour will be under personal escort of Union Pacific representative from Pasadena office—nine days of delightful travel for about \$160.00.

ONE OF THE GRANDEST
TRIPS IN AMERICA

Union Pacific

Low Fares Four Routes **EAST**

Through, fast service every day to
Chicago, Kansas City, St. Louis, St.
Paul, Minneapolis, New Orleans,
with direct connection for New
York and other eastern cities.

—Back East round trip excursions
daily until September 15. Stop-
over privilege in each direction.
Go one way, come back another
if you wish.

—Round trip fares every day to
Pacific Coast resorts at notable
reductions.

MAKE YOUR HOME TOWN SOMETHING TO BE PROUD OF

(Continued on Page 8)

failing to secure prompt action on the zoning ordinance, the sanitarium had been allowed to slip in and thereby seriously impair the high character of the upper foothill region from the development standpoint. Not having had the protection which he thought he was entitled, although a member of and a contributor to the Chamber of Commerce, Mr. Hastings felt justified in breaking off the right of way negotiations.

ANNUAL REPORT OF SCHOOL NURSE FOR 1923

Health work in the Sierra Madre School was begun in September, 1922. Since this is the first year of the work no definite comparison of results can be made.

Obviously the first thing was to make a general survey of the pupils to ascertain conditions of eyes, throat, teeth, and nutrition. The children were weighed every month and the weights recorded on class room charts. Slips giving the height and weight were sent home to parents twice during the year.

Absentees were reported daily, then within three days a visit made to the home to find out cause of absence. Home visits were also made for the purpose of consulting with parents regarding the general welfare of the child. Many parents have shown unusual interest and cooperation in coming to the school for interviews. The home visitation is an indispensable phase of this work in that the nurse thereby establishes a clear understanding with mothers. The total number of home calls during the year was 220, without a car.

The general survey made in October revealed the following conditions:

Total number of children weighed 400. No. unable to read 20-30 vision line 25. No. with defective teeth 91. No. underweight (8-20%) 102.

No. with enlarged tonsils 49.

(Tonsils cannot be considered a defect unless pronounced so by the family physician)

In as much as about one-fourth of our school is transient it has been necessary to count only those children who were in school in October in making a comparison of results. We have then 77 underweights out of the original number of 102. Nineteen have come up to the average weight. The remaining show to be much less below average than at the beginning of the year. In a very few instances, unfortunately, the children were found to be more underweight than at the beginning of school. A margin of a few pounds was allowed in instances of family characteristics. Of the 19 remaining with defective vision, 14 have secured treatment, 11 obtaining glasses.

Dramatization of health stories is one of the best ways of teaching positive health. During the year two health plays were given by the pupils. In the lower grades weekly inspections were conducted by the pupils. A seal or star was given by the teacher for daily use of the tooth brush, clean hands, handkerchiefs etc. One way of establishing health habits at the most impressionable age.

In art health was correlated by the teacher in making of posters representing health habits. In English and

hygiene several grades wrote essays on care of the teeth. A prize tube of tooth paste was given for the best composition.

A health class consisting of ten pupils 8-20% underweight was organized in January and conducted after school hours. The pupils were weighed weekly. Certain rules were to be observed such as one-half hour rest before supper, lunches at 10 a. m., and 4 p. m., and the general health habits. It was interesting to note that the two charts showing a remarkable gain, going over the top, were those of children whose efforts were backed up at home.

A suggestion for the coming year is that we have a room where children showing marked underweight be allowed to rest twenty minutes under supervision; this period to take the place of the physical education as prescribed by the state board of education.

Realizing the importance of nutrition with the growing child, through our most active P. T. A. milk has been served to children daily at 10 a. m., also a hot school lunch was introduced in the school. A lunch room providing accommodation for 140 was provided by the school board.

The idea of the lunch was to supplement the cold dry sandwiches brought from home. However an adequate meal could be obtained at the maximum price of 22c, namely, 1 hot dish, 6c, 1 desert 6c, milk 8 oz. 5c. Total 22c. Second helpings were given after all had been served. An average of 100 pupils were served daily.

The menus were very carefully prepared by the domestic science teacher.

A different hot dish and desert was served daily the menu repeating itself every two weeks.

The following is a sample menu for two days:

No. 1. Cream of corn soup, baked apple, whole wheat buns, milk.

No. 2. Vegetable soup (meat stock, celery, turnips, etc.) chocolate blanc mange, buns, milk.

In the lunch room each child scraped and stacked his own dishes. One boy, a scout, was made responsible for this part. The plan worked very satisfactorily.

The personnel of the lunch room,
